CONTACT INFORMATION

Beihang University (BUAA), formerly called Beijing University of Aeronautics and Astronautics, was founded in 1952 and has been one of the state key universities of China since 1950s. Through more than 60 years development Beihang has grown into one of the nation's foremost research universities, combining disciplines in science, engineering, humanity, law, economics, management, and education, while maintaining the leading role in technology.

Beihang has now a total enrolment of over 30,000 full-time students, including 13,000 postgraduates. Over 2,000 international students from more than 120 countries are studying at Beihang in 2018. Among them over 1200 are studying for degree programs, including more than 700 master and doctoral students.

The University has been reputed for its competitive edge in such disciplines as aeronautics and astronautics, instrument science and technology, computer science and technology, management science and engineering, etc. English or Chinese are used as instruction language for master and doctoral programs.

Beihang is one of the top universities in China equipped with advanced laboratories and teaching facilities. The center of Beihang is its Xueyuan Road campus in the heart of "China's Silicon Valley" – Zhongguancun Science Park. The campus of Beihang is notable for its beautiful environment, convenient transportation, and complete living services, including various sports facilities, bank, post office, supermarkets, canteens, etc..
